ABOUT ME

I was born on January 24, 2004, in Tbilisi, Georgia. Currently, I live in Baku. In 2010, I enrolled in the 47th secondary school, and in 2021, I was admitted to the Faculty of Philology at Baku State University. Since 2020, I have been working as a freelance graphic and UI designer, and since March 2023, I have been learning front-end web development. I am someone who values working effectively with a team and delivering tasks on time. I don't leave tasks unfinished and always strive to research and learn new things. I enjoy agile work practices and sharing what I learn and know with others.
